**UNWRITTEN LAWS OF THE TRAIL (until now)**

- Remember to chat with guests and let them know they are really welcome.
- Cooperate with the coordinator.
- Don't go into a solo act – trail hiking is a group activity.
- Leave wildflowers and plants for others to enjoy.
- Do not damage trees or strip off bark.
- Keep a safe distance behind the hiker ahead, but stay together as a group.
- Alert the person behind you of any changes of direction in the trail and any hazards such as holes, slippery spots, poison ivy, etc.
- Hike only along marked routes, especially on farmland. Do not take shortcuts.
- Walk on the left side of the road, facing traffic. Warn others of approaching traffic.
- Respect the privacy of people living along the trail.
- Leave gates and fence bars as you found them.
- Carry out trash and garbage even that left by others.
- Dogs must be kept on a leash at all times
- Protect and do not disturb wildlife.
- Leave only your thanks and take nothing but photographs.
- Coordinators can, with all due respect and in good faith, ban anyone from the hike without explanation. **Their word is final.**
